Paramedic Technician	EMS Fundamentals	\$25	needed	needed	needed	needed	needed	needed	needed	needed	no	no

Notes: Students are required to meet clinical site health vaccine requirements. Each clinical site is different as to the COVID vaccine requirements. Students that are NOT current Froedtert employees, going to a **Froedtert** site will also need a 10-panel drug screen (within 90 days of clinical start), 2 step TB skin test or blood test (within 90 days of program start) and physical exam (within 1 year of program start). Some clinical sites may also require the seasonal flu vaccine.
